

Dear Mailing Preference Service,

I have been advised that you have decided to no longer send paper MPS registration forms to people contacting you via e-mail (because you wish to “save paper”). I trust that it is not your intention to block the service Junk Buster provides (why would anyone want to stop the UK’s only a one-point-stop for contacting opt-out schemes such as the MPS?) and that you will be pleased that I am now sending you this e-form.

Please note that the form does not include the marketing questions asked on the MPS website; I am sure that it is possible to register with the MPS without answering such questions.

I thank you for your co-operation!

I wish to register my details to be removed from mailing lists

I wish to register a previous occupier at my current address

I wish to register my previous address

I wish to register details of someone who has died

Title

First Name

Surname

Address

Town

Postcode

## Submit this form

This will open a new e-mail message in your e-mail client (i.e. Outlook, Thunderbird) with this form attached.

Alternatively, save a copy of your completed form (choose File, Save As) and send it as an attachment to:
